

Anna Bartlett

Interactive designer · UX, user research, data visualization, and design systems

Arlington, VA

bartlettanna.com

703-801-2647

anna.bartlett@gmail.com

Interactive designer who starts with research: I talk to the people a product is for, find where it loses them, then design the screens, flows, and systems that fix it. Open to contract, contract-to-hire, and full-time roles, hybrid or on-site in DC, Maryland, and Virginia.

WORK EXPERIENCE

FirstGlance · Remote

Junior Product Manager and Product Designer · January 2026 - Present

Design web and mobile screens for an early-stage startup and maintain its design system. Audited the website for accessibility (WCAG 2.1) and measured each fix. Write plain-language walkthroughs of product logic.

Generate Product Development Studio · Boston, MA

Product / UX Designer · September 2024 - April 2025

Designed a 40+ screen platform and built its 50+ component design system so designers and developers stayed consistent. Ran usability tests and redesigned the flows that failed.

Northeastern University Central Co-op Office · Boston, MA

Digital Marketing and Brand Design Co-op · July 2024 - December 2024

Audited the office's communications and ran focus groups with 25 students to find where the message lost them. Presented findings to the Senior Vice Chancellor; recommendations were adopted and audience reach grew 900%. Designed four multi-slide guides on one reusable template and 13 student persona one-pagers from the research.

Engine Red Design Agency · Boston, MA

Client Lead and Designer · September 2023 - September 2024

One of 18 designers at Northeastern's student-run agency, serving 14 external clients. Client lead for Rooted Living: ran review cycles with the client to sign-off and delivered 35+ final files in four months.

SELECTED WORK · bartlettanna.com

StoryBridge: K-8 reading platform with one design system for authors, readers, and admins. April 2026.

bartlettanna.com/work/storybridge

Anosity: research-led app concept that maps anxiety as a system instead of a score. Spring 2025.

bartlettanna.com/work/anosity

Boston Mobility Tapestry: economic mobility data translated into a 68-column woven tapestry. Spring 2026.

bartlettanna.com/work/boston-mobility-tapestry

SKILLS

Interactive: web and mobile UI, user flows, prototyping, design systems, accessibility (WCAG)
